

flexiFED 4

Save either 11% or 25% every month by choosing the GRID or Elect version of this option. You'll enjoy the same benefits, but at a 11% lower monthly contribution for using only the 100 top network hospitals on our GRID hospital network. Or, you can enjoy a 25% saving every month by choosing to pay a fixed R11 500 co-pay on any planned hospital procedures (Elect). In emergencies, you'll still be taken to the nearest private hospital to be stabilised.

See below:
